

# Regulated Research Institutional/Industrial Setting Form (1C)

This form must be completed AFTER experimentation by the adult supervising the student research conducted in a regulated research institution, industrial setting or any work site other than home, school or field.

To be completed by the Supervising Adult in the Setting (NOT the Student(s) after experimentation):  
Responses must remain on the forms as it is required to be displayed at the student's project.

The student(s) conducted research at my work site:

- 1) Did you or your proxy (e.g. graduate student, postdoc, employee) mentor or provide substantial guidance to the student researcher?  Yes  No
  - a. If No, describe your and/or your institution's role with the student researcher and his/her project (e.g. supervised use of equipment on site without ongoing mentorship) and sign below.
  - b. If Yes, complete questions 2-5
- 2) Is this research project a subset of your ongoing research or work?  Yes  No

Use Questions 3, 4, and 5 to detail how the student's project was similar and/or different from ongoing research or work at your site.
- 3) Describe the independence and creativity with which the student:
  - a. developed the hypotheses or engineering goals for his/her project.
  - b. designed the methodology for his/her research project
  - c. analyzed and interpreted data
- 4) Detail the student's role in conducting the research (e.g. data collection, specific procedures performed). Differentiate what the student observed and what the student actually did.
- 5) Did the student(s) work on the project as part of a group?  Yes  No

If yes, how many individuals were in the group and who were they (e.g. high school students, graduate students, faculty, professional researchers)?

I attest that the student has conducted the work as indicated above and that any required review and approval by the institutional regulatory board (IRB/IACUC/IBC) has been obtained. Copies are attached is applicable. I further acknowledge that the student will be presenting this work publicly in competition and I have communicated with the student researcher regarding any requirements for my review and/or restrictions of what is publicized.
