

Form E: Student Disclosure Form

Required for all projects that meet one or more of the following conditions: (1) **continued work** on a topic submitted in a previous year; (2) **work with mentors** other than your teacher; (3) use of **generative AI**. This form does not need to be submitted prior to experimentation unless requested by the SRC reviewer. **Print copies of this form and bring signed form to the Fair.**

Student Name(s) _____

Title of Project _____

Why? It is important to fully disclose any support provided in the completion of a scientific research project, as well as the scope of work accomplished within the eligible time period. This disclosure provides acknowledgment and verification of the project.

SECTION 1: CONTINUATION INFORMATION

1. If this project is a **continuation** of a project or topic you or members of your team did during another year, your project **MUST** involve different methods, materials, questions, and/or designs. Explain how it is different here. If the project is not a continuation, leave blank.

SECTION 2: MENTOR ACKNOWLEDGEMENT

2. Did you work with any adults (mentors, advisors, parents) other than your teacher? ____ Yes ____ No

b. If YES, describe what you did independently vs collaboratively. Include their expertise.

c. Did you or your parents, or any of your team members or their parents, pay for any support for this project? (i.e. fees, tuition, payment to mentor, lab space, document prep). ____ Yes ____ No

If YES, please explain:

SECTION 3: AI USAGE DISCLOSURE

Did/does your project involve the use of Generative AI? ____ Yes ____ No

Did you use Generative AI as a project **topic**? ____

Did you use Generative AI as a **tool** for your project? ____

Include prompts, notes, etc. in your project notebook and as an attachment. Review the AI Policy at www.scifair.com.

Attestation by Student Researcher (team lead):

I certify that I and my teammates if applicable have presented the full truth regarding all of the support received in the completion of our research project and have not omitted pertinent information nor presented false information.
